To mark its 30th Anniversary LIVE on **March 22, 2012**, GREAT WHITE celebrated the only logical way – on stage. In a nod to its early days, GREAT WHITE returned to the infamous Sunset Strip, where a storied past of music's biggest fans are fused into the walls of the Key Club. GREAT WHITE delivered its entire repertoire to a packed house, pining for the band's raw energy and cheering its illustrious history track after track.

The Southern California blues hard rock band debuted with a Don Dokken / Michael Wagener produced EP in 1983 and later on were signed by EMI for 1984's self-titled debut album. Since then GREAT WHITE has achieved worldwide success, encompassing sales of over six million records. They received a Grammy nomination for Best Hard Rock Performance for the song "**Once Bitten, Twice Shy**

" and earned a double platinum certification for the album "...

Twice Shy

".

It's the soulful, blues-based signature sound that turned songs like "**Face The Day**", "**Rock Me**" and "

Save Your Love

" into international hits. The late 80's were boom years for the band, marked by non-stop touring with some of the biggest bands of the era including stints in Europe and Japan. GREAT WHITE recorded two more albums for Capitol — "

Hooked

", which was certified gold and "

Psycho City

".
