

Lorne Black, Rest In Peace Brother

Written by Povohost -

Lorne Black was a big part of Great White in our early years. He had a wonderful sense of humor. He was a true bass player to the core!! He was a fan of great bass players and acted as a student of bass playing, always paying close attention to the best in the business. He had a Paul McCartney sensibility and approach in that, instead of just following a guitar line, he played a song within the song. Listen to the bass in "Rock Me", that is a great example of Lorne's God given talent, and contribution to a song. He was always fun to be around and we are really going to miss him:-(. He had many fans around the world, that will also miss him!!

Lorne is gone, but his memory will live on!!
